

## 2008 National Lease Maintenance Directors Meeting Enrich Users Session

San Diego, CA  
June 3, 2008

---

---

### **2007 Maintenance Directors Wish List Review**

We have completed all Priority 1 enhancements and several of the Priority 2 requests which were requested at last year's Maintenance Managers Wish List. Enhancements have been made to the following functional areas: Recall Tracking; Reporting, Special Order Parts, Bar Code Printing and many other maintenance functions.

---

---

### **Enrich EMMS Enhancements**

#### **Over the Counter Parts Sales**

- Parts Catalogue Pricing
- Parts Management on Work Orders
- Miscellaneous Parts
- Parts Reporting

#### **Retail Work Order**

- Retail Customer Tracking
- Online Profit Margin View
- Payment Application
- Cash Log Reporting

#### **Handheld Scanning**

We have completed integration with Intermec's new Handheld Display Scanner. This device will drastically improve physical count times, as users can scan the part (RSB) and directly enter the count into the hand-held device, real time.

---

---

### **Emconex Product Review**

#### **Roadcall**

- Google Maps Integration
- Web Page Integration
- NationalLease Affiliation Search
- Comdata Integration
- Content Manager

---

---

### **2008 Wish List**

#### **Round Table Discussion**

Please bring any *enrichment* requests for discussion amongst the group.

#### **Prioritization**

General vote on new requests. The top request will be reviewed by RSG for consideration in future enhancements.

#### **Fall Maintenance Managers Meeting**

RSG is planning on having a similar session at the Spring Maintenance Managers Meeting and is looking for feedback on the type of session(s) that should be scheduled.
